One of the Features

most enthusiastically praised by users of Peery's Crescent Flour is its absolute DEPENDABILITY. If you baked every day of the 365 days in the year you would have 365 loaves of unvarying goodness, if all other ingredients kept up to the high standard of the flour.

WHAT A SOUND SLEEPER. you must not have heard of the high class work we are doing. Or if you have heard, how indifferent you must be to quality of work as is shown by your failure to give our work a trial. Wake up and be like other wide awake people. They all send their work here regularly.

MICHIGAN WILL SHOWS VALUABLE ESTATE HERE

Mary G. A. Hammond, a sister of Le Grand R. Anderson, who died in this city on October 14, 1909, has filed in the district court for probate the will of Mr. Anderson, showing an estate valued at approximately \$10,000 in realty, located in and adjacent to this city. The will was found at the former home of Mr. Anderson in Van Buren county, Michigan, and sent to this city. There are three heirs named to the estate.

MOTORMAN KILLED BY FALLING FROM CAR

Orange, N. J., March 26.—Running his trolley car at top speed around a sharp curve on the Eagle Rock line here, James Fitzpatrick, the motorman, was flung from the platform and tumbled down a rocky embankment late last night. His skull was fractured and he died in a hospital here early today.

GOOD WEATHER IS PROMISED

Easter Millinery Will be Given Chance According to Forecast.

Although last Easter Sunday was cold and gloomy and a heavy rain fell all during the day, the indications handed out so far by the weather man are such as to show that today will be as glorious in regard to the weather as it will be in regard to the display of millinery and similar Easter finery. If the reports of the various storekeepers are to be taken as evidence, several times during the past two weeks storms have threatened, but only twice has rain fallen, and altogether Ogden has been receiving a brand of weather that is unbeatable anywhere. It is probable that today will be slightly colder, but otherwise the weather indications are for a fair and sunny day.

In spite of the heavy downpour of rain last year throngs of people were to be seen all day on the streets of the city, making Easter visits to their various places of worship and their friends and tomorrow is expected to shatter all records in attendance at the numerous churches of the city. Especially beautiful services have been arranged in every church in the city, the program of which is to be found on another page and if the attendance during the week can be taken as a criterion every church in the city will have record-breaking attendance at every service today.

Should the weather man's promise of fair weather be kept today, and the wrath of the elements be held off until tomorrow the throngs which form all indications will appear on the streets and in the parks of the city will equal any pageant ever witnessed by the lovers of the beautiful.

NOTICE TO FAT WOMEN

Presumably you know, ladies, that the proper caper nowadays is lines. Curves are passe. You have got to take off your fat. This must be done in one of three ways. By dieting, by exercise, or by means of Marmola Prescription Tablets. The two former will keep you busy for months and punish you pretty severely, the latter will cost you 75 cents at the druggist's. The tablets will not make any alteration in your diet necessary, and yet in all probability, before you have used up one case you will be losing from 12 to 16 ounces of fat a day. Which method do you like best?

If you fancy this pleasant method of getting off the fat, see your druggist instantly, or else write the Marmola Co., 1121 Farmer Bldg., Detroit, Mich., to send you a case by mail. These cases contain so generous a quantity of tablets that the treatment is very economical. It is also quite harmless, for the tablets are made exactly in accordance with the famous Marmola Prescription.

WORK PLENTIFUL FOR LABORERS

Back From Inspection Trip Superintendent Manson Tells of Activity.

Returning last night from a second inspection of the portions of the Southern Pacific under his jurisdiction in Nevada, last night, Superintendent E. C. Manson of the Southern Pacific said that thought large gangs of men have been sent out from this city and from the coast to work on the permanent improvements being done on the line there is still room for 500 men from this city, at once, to work on the Lucin cutoff.

Mr. Manson further said that the work will last for months and that in Nevada the schedule of improvements mapped out by the engineers of the road directly after the great washouts which tied up traffic for more than a week is being rushed to completion. When the line was opened it was done only through herculean efforts on the part of practically every employe of the road and the reconstruction work was rushed with only the two factors of safety for passengers and speed in completion in mind, so that it has been necessary to do a great deal of filling in on the road bed and repairing to the bridges, which were only temporarily constructed to allow the line to operate again.

On the cut-off work is progressing, according to Mr. Manson to the entire satisfaction of blimser and the engineering department. Large gangs of men are at work on the raising of the grade and the fill, which is being widened so as to allow the construction of a double track for the entire length of the great trestle. In spite of the crowds of men who have found employment, however, Mr. Manson said that 300 additional men are wanted at once, and this should greatly relieve the congestion noticeable in the last month or more in this city among the laboring classes.

SPECTACULAR FIRE DESTROYS PROPERTY

Philadelphia, March 26.—Three large industrial establishments in the north section of this city were destroyed by a spectacular fire tonight, the combined losses being estimated at \$600,000. The places destroyed were O. F. Zurn company's lubricating oil warehouse, loss \$150,000; Henry White, manufacturers of mantels, loss \$200,000; Ternan and White Lumber Yards mill, loss \$250,000.

POWDER PLANT BLOWS UP, KILLING WORKMEN

Tacoma, Wash., March 26.—Foreman Eugene Wheelon and two workmen were instantly killed yesterday by an explosion of dynamite which destroyed the dynamite house of the Dupont Powder plant at Dupont, ten miles from here. The bodies were blown to pieces, not enough remaining for inquest or burial purposes. News of the explosion did not reach here until today. Following the explosion a panic occurred among the 200 employes, many leaving town, but the plant was able to resume today with a reduced force.

CASHIER FOUND GUILTY.

Indianapolis, March 26.—William H. Marker, former cashier of the First National Bank of Tipton, Ind., found guilty today of embezzling \$100,000 of the bank's funds.

WILL DISCUSS LIVE TOPICS

Past Achievements and Future Plans of Improvement League to be Considered.

The annual election of directors of the Ogden City Improvement League will be held in the parlors of the Weber club Tuesday evening, March 29, at 8 o'clock, at which time a board of fifteen directors will be elected and such other business transacted as may come before the meeting.

A short review of the work accomplished through the efforts of the league will be announced by the president, which includes the following:

Parking of the depot grounds. Settlement of the litigation and compromise between Ogden City and the Waterworks company.

Creation and passage of the law known as the Board of Park Commissioners.

Artificial waterfall in Ogden canyon.

Securing of high school ground without cost from one of our most public-spirited citizens.

Financing and successful results of high school election, whereby it was made possible for the board of education to bond Ogden City for funds sufficient to build the present building.

Creating public sentiment and removal of fences and parking sidewalks in residential districts and many other improvements throughout the city.

All citizens interested in a better Ogden are invited to be present and assist in the work.

By order of the president, J. C. Nye.

"Had dyspepsia or indigestion for years; no appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, O.

CONFERENCE

A special rate of \$1.10 to Salt Lake and return will be made by the Oregon Short Line April 1st to 6th inclusive. Tickets good returning April 12th. Twelve trains daily. Special train leaves Ogden 8:30 a. m. April 3rd, 4th, 5th and 6th. Returning leaves Salt Lake 7 p. m.

OLD LITIGATION AGAIN RESUMED

Defendants Who Lost in Case File Petition For New Trial Here.

That the nine-year wrangle over the case of Mrs. Annie E. Bowe against Mrs. Annie Palmer and J. J. Stillwell, in which the plaintiff awarded damages in the sum of \$500 and interest of \$353.63 recently by the district court, is not yet concluded was shown yesterday in the district court, when the defendants filed two sets of papers, one to move for a new trial and the other a motion to strike out the interest awarded a few days ago by the court.

An unusually long-drawn-out fight is revealed in the history of the case, which began in August, 1901, when Mrs. Bowe instituted proceedings for damages against the defendants, alleging that she had been forcibly ejected from a rooming house in this city in that month and year. The case has come up from time to time ever since in practically every court in the state, favorable decisions in the lower court being invariably followed by reversals in the higher courts after appeal had been taken, and recently the case again came, back to the district court, Mrs. Bowe receiving damages in the sum of \$553.63.

Three Lilies From Paris and Field of Lilies in Bermuda

New York, March 26.—In spite of the efforts of the cartoonists and a few milliners to fit out our women with "Chantecler" hats and other extravagances, this year's Easter bonnets are on the whole quiet and becoming. There are no sings of reversion to last year's big "peach basket" hats or the "Merry Widow" hats of the year before. Some of the ultra fashionable milliners are, however, showing some Parisian head coverings that verge on the bizarre.

Easter Sunday promises to be as festive as ever before. The usual stories of a shortage in the lily crop have come from Bermuda, but the florists' shops show no signs of a shortage. Prices will probably rule high.

STORY OF CRUEL TREATMENT TOLD

Wife Alleges That Husband Deserted and Treated Her Brutally.

Alleging that her husband, Fred O. Huthinson, deserted her and their one year old boy on January 19, of this year, and that on March 15 he returned to the home in this city and after choking and beating her unmercifully, attempted to forcibly remove the furniture, which is the only property owned by the couple, Myrtle Hutchinson yesterday instituted proceedings for divorce against him in the district court, charging failure to provide for her and child.

According to the papers in the complaint, the couple were married in this city on Sept. 26, 1909 and until the first month of this year no trouble was had. The furniture, which is approximately valued at \$100 is the sole possession of the couple, and as the entire purchase price has not been paid on it as yet the title still remains with the vendor. Mrs. Hutchinson asks for divorce with the custody of their child, and that until a settlement of the case is reached the defendant be required to pay into the court such fees as are necessary for the plaintiffs' expenses in the trial.

CARD OF THANKS.
Mrs. F. C. Flanders wishes to thank the many friends who so kindly assisted during the illness and death of her husband; also for the beautiful floral offerings and for the music rendered.

COURT SEVERS BONDS WHICH WERE FETTERS

Final and absolute decree of divorce was yesterday granted by the district court in two cases, Helen M. Sullivan Cook, was granted an interlocutory decree in this city on September 16, 1909, being yesterday given her maiden name, Helen M. Sullivan, and absolute divorce, and Edie Pearl Bishop final divorce with the custody of one child. She was granted the interlocutory decree in this city from John T. Bishop on September 24, 1909.

ITCH-ECZEMA FREE TRIAL

(Also called Tetter, Salt Rheum, Pruritus, Milk-Crust, Weeping Skin, etc.)
ECZEMA CAN BE CURED TO STAY, and when I say cured, I mean just what I mean. Ointment not merely patches up for a while, to return worse than before. Now I do not care what you have used, nor how many doctors have told you that you could not be cured. TO DAY, I will send you a FREE TRIAL of my mild, soothing, guaranteed cure that will cure you more in a day than 100 others else could in a month's time. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me to-day, and you will see I am telling you the truth.

Dr. J. E. Cannaday, 1045 Park Square, Sedalia, Mo.

Robbers Murder Storekeeper

Ogden Authorities are Notified of Salt Lake Crime—Three Suspects Held.

Notification was received last night by the local police from the Salt Lake police to be on the lookout for three men who entered the store of George W. Fassell, in the residence part of the city, and at the point of revolvers forced him to give up about \$25 from the cash drawer, and when he attempted to give the alarm as the men were about to leave, shot him through the head, killing him instantly.

Fairly good descriptions of the men

were obtained and given the local police from passerby who saw the men leaving the store after the robbery and shooting, and every effort to apprehend the murderers will be made. Three men slightly following the descriptions turned into the Salt Lake police by persons who saw the men leaving the store were arrested last night in Salt Lake, but no chances on allowing the culprits to escape while holding innocent men will be taken by the authorities.

A report received later from the Salt Lake police was to the effect that the three men arrested for the shooting and robbing of George W. Fassell gave the names of George Wilson, James Hayes and Harry Thorne, all under 25 years of age. It is alleged that the man giving the name of Hayes is the one who did the shooting. They were locked up in the police station and no effort made to procure a statement from them until today.

GREAT SALE OF MONUMENTS AT MITCHELL BROS.

We have installed an up-to-date Pneumatic Plant for lettering granite and Marble which reduces the cost of letter cutting 50 to 60 per cent, also reducing the cost of cutting bases 60 per cent, enabling us to put first class monumental work on the market at a greatly reduced cost. All work guaranteed. Foundations for monuments a specialty.
